D = xxo232

C = x32o1o

F = xx3211

G = 32ooo3

E = o221oo

INTRO: A D A D X2

There's nothin' you can do, girl .. there's nothing you can say
You're talkin' to the sky, babe .. I just got to get away
Got to hear the wind song .. singing in my ear
Got to get it on, girl .. and I'll never make it here

PRE-CHORUS: 'Cause the wind was my mother .. the highway is my brother

CHORUS: I was born to wander .. and it's time for movin' on
I was born to wander .. turn around, and I'll be gone, gone, gone

I'm just followin' my heart, girl .. and it's followin' the sun
Lookin' for an answer .. I know may never come
But I gotta chase my dreams, girl .. like a river to the sea
Got to find a rainbow .. that's waitin' there for me

PRE-CHORUS: 'Cause the wind was my mother .. the highway is my brother

CHORUS: I was born to wander .. and it's time for movin' on
I was born to wander .. turn around, and I'll be gone, gone, gone

BRIDGE: Yeah.....gonna move

FLUTE OUTRO: Yeah, I was born to wander mmmmm
I said I was born to wander .. yeah born, born to wander
Born to wander .. born to wander
Born to wander .. born to wander
Born to wander .. born to wander
Born to wander .. born to wander
Born to wander .. born to wander
Born to wander .. born to wander
Born to wander .. born to wander
(repeat ad lib with slow fade out)
