

GOTTA GET AWAY – Cecilio & Kapono (Am7)

INTRO: Am7 G

CHORUS: Gotta get away for a while to ease my head...everybody knows that's the way to do it
Gotta get away for a while to ease my head...
Everybody knows that's the way to do it

Take it to the highway and leave your cares behind
Going to the country..yeah, yeah, yeah
Sleeping in the still of the night and wake to another day
Out in the country

CHORUS: Gotta get away for a while to ease my head...everybody knows that's the way to do it
Gotta get away for a while to ease my head...everybody knows that's the way to do it

BRIDGE: I guess you can say I'm getting away from the lights
Away from the noise, the buildings that darken the skies

BREAK: Am7 G x2

Something 'bout the country style that puts you in a trance
That's country living
Someday I hope to have some land and raise a family
Out in the country

(a capella w/ drums + percussion only)

CHORUS: Gotta get away for a while to ease my head...everybody knows that's the way to do it
Gotta get away for a while to ease my head...everybody knows that's the way to do it

(full band)

CHORUS: Gotta get away for a while to ease my head...everybody knows that's the way to do it
Gotta get away for a while to ease my head...everybody knows that's the way to do it

CHORUS: Gotta get away for a while to ease my head...everybody knows that's the way to do it

(a capella, sung slowly with no drums or bass)

Gotta get away for a while to ease my head...(protracted pause)
everybody knows that's the way to do it (end)
