INTRO: E///

      E
There's a new wind blowing like I've never known
    E
I'm breathing deeper than I've ever done
   A   **E**
And it sure feels good to finally feel the way I do
     B   **A**   **E**
I wanna love somebody, love somebody like you

       E
And I'm letting go of all my lonely yesterdays
    E
I've forgiven myself for the mistakes I've made
      A   **E**
Now there's just one thing, the only thing I wanna do
     B   **A**   **E**
I wanna love somebody, love somebody like you

                A   **E**
CHORUS: Yeah I wanna feel the sunshine shining down on me and you
                A
When you put your arms around me
                       C#m   **F#m7**
You let me know there's nothing in the world I can't do

```
             E
I used to run in circles going nowhere fast
            E
I'd take one step forward end up two steps back
           A                                    E
I couldn't walk a straight line even if I wanted to
            B                 A              E
I wanna love somebody, love somebody like you

(Whoa.. here we go now...)
```

CHORUS

```
            E
Sometimes it's hard for me to understand
               E
But you're teaching me to be a better man
                     A                            E
I don't want to take this life for granted like I used to do
           B                 A              E
I wanna love somebody, love somebody like you
               B               A            E
I'm ready to love somebody, love somebody like you
               B                 A-A(STOP)
And I wanna love somebody, love somebody like you
```
